

Senior Risk Consultant

Are you looking to accelerate your career as a risk professional whilst adding more variety to your day-to-day work?

Amstelveen is growing! We're looking for enthusiastic risk professionals to join our team.

What are we looking for?

You enjoy being a member of a high performing team; you are proactive and you bring a positive attitude to the work you do. Central to your work is complex problem solving and the ability to think critically. Underpinning your passion for risk, you are organised and able to juggle competing priorities and deliver on deadlines, whilst maintaining a high level of quality output and attention to detail.

As a Senior Risk Consultant you have **2+ years of work experience** , including:

- Consulting experience and/or work in risk management, compliance, or internal audit;
- A strong understanding and interest in our key risk offerings of Risk Transformation, Business Risk and Resilience, Technology and Cyber Risk, Assurance and Compliance and Regulation;
- The ability to think strategically, as well as to translate risk implications to various audiences including senior client stakeholders;
- Experience in performing risk assessments (such as Operational Risk, Supplier Risk, Technology Risk, Risk in Change) and conducting controls testing (Design Effectiveness and Operating Effectiveness);
- Experience in delivering or supporting risk and compliance management frameworks and policies including technology risk management frameworks;
- Excellent communication, stakeholder engagement, report writing and presentation skills; and
- Demonstrated willingness to learn and develop

Why join our team?

We empower professional achievements and are committed to the development of each team member. This role will provide you with:

- Plentiful opportunities to learn and grow with training tailored to your career ambitions
- A structured coaching and mentoring program to grow faster and stronger as a team
- Strong networking opportunities to increase your professional profile by working with major public and private organisations
- Opportunities to play a key role in the scoping, planning, execution and delivery of a variety of risk reviews, assurance and advisory client engagements
- Being a representative of Amstelveen to clients, whether on site or remotely
- The ability to help shape our culture by being part of a respectful and fun work environment.

We host regular social events and enable an open dialogue within the team. We are also strong believers in fairness and doing the right thing. These beliefs are reflected in our profit share plan which all team members are automatically part of and benefit from.

APPLY NOW

If this exciting opportunity to join our growing team interests you, please submit your application **including a cover letter and your CV**. The cover letter should tell us *why you are interested in joining Amstelveen* and *why you would be a good fit for our team*. Applications without a cover letter will not be reviewed.

Currently, we are only able to consider applicants who have full working rights in Australia and do not require sponsorship now or in future.
